This expert-level program from the American Safety & Health Institute helps keep healthcare professionals prepared and ready to respond as they encounter life-threatening emergencies, provide basic life support, and respond to choking and other airway obstruction incidents. ASHI’s CPR Pro for the Professional Rescuer has been approved for training for Emergency Medical Services personnel and is accepted by the National Registry of Emergency Medical Technicians (NREMT).

**Intended Audience:** This program is designed for individuals in the healthcare or professional rescuer field that are required to have professional-level basic life support training.

Skills covered will include:

**Course Fee:** $60.00
