SCHOLAR OF THE MONTH

JULY 2024

Tamera Thomas

How does it feel to be scholar of the month?

"I am honored to be chosen as UNM Gallup's Scholar of the Month for July 2024! I am elated and very grateful for this prestigious opportunity to receive and be recognized for my academic achievements. I am truly grateful that I get to celebrate this milestone and to make Lobo nation proud."

Do you have any study habits you would recommend to other students? What are they?

"I enjoyed and loved all my courses since I started in Fall 2022. I commuted to classes after eight hours of working at a school and then worked on my assignments into the wee hours of the morning and then start the whole routine over again."

What is your favorite thing about TRIO/SSS?

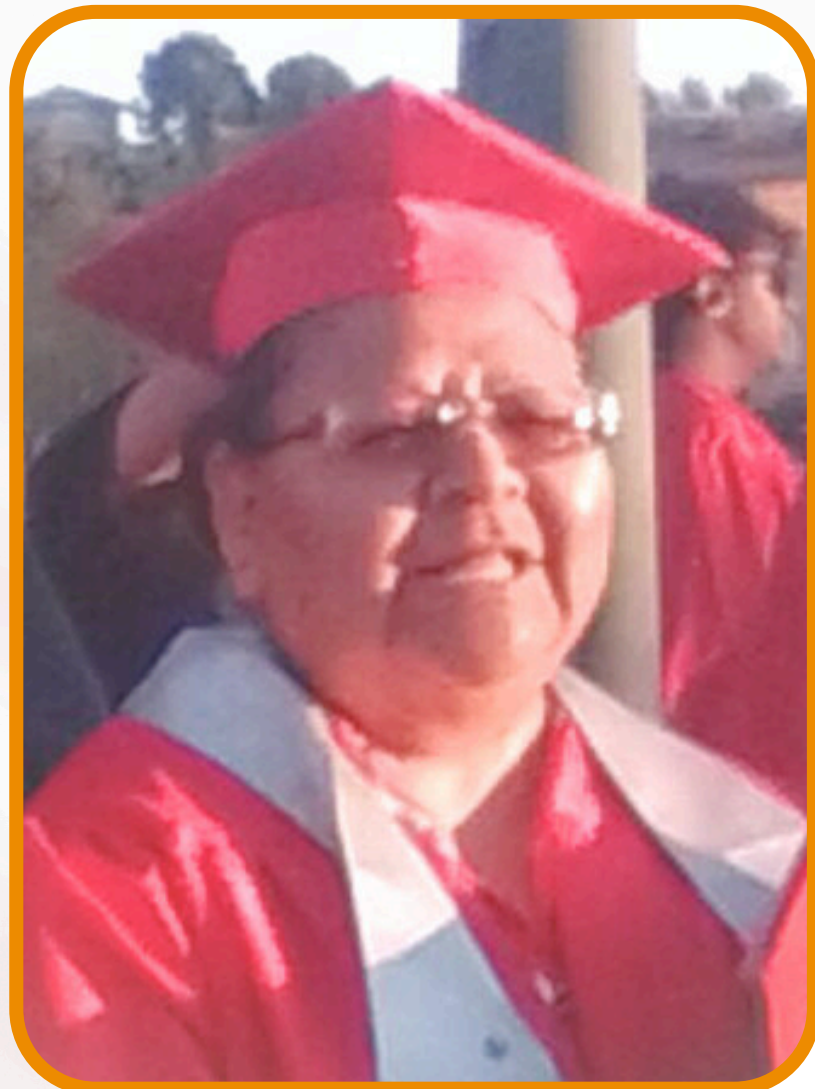

"TRIO was there for me, hand-in-hand; to advise, to direct, to encourage, to help me and to cheer me on. My advisor, Donovan Chee, is the best. He made me feel assured that I was going to accomplish my goal and he and my mentor, Suraya Nurudeen, always made me feel important and valuable. Their kindness is unsurmountable; they deserve recognition as well."

Where do you plan to transfer to after graduation?

"I honestly feel that my utter sacrifice of painstaking strives to get to this point in my college education has and is paying off. As I am soon to receive both my Certificate and Associates of Arts in Early Childhood Education, I feel very much empowered and successful."

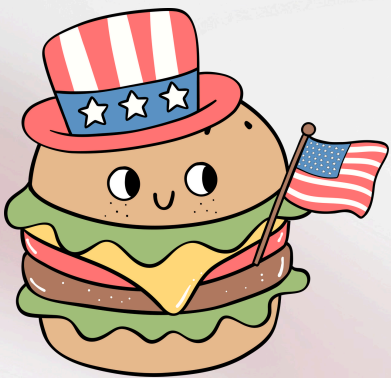

I am thankful for...

"I thank my husband and son who took time out of their day to drive me when it was became difficult. They kept encouraging me to keep moving on and to look forward to the day I'll receive those hard-earned letters of acknowledgement. My thanks to them and to the rest of my supporters, which includes TRIO."

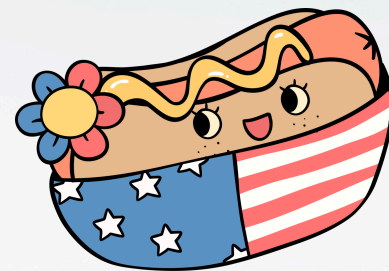

Fun Facts

I love working with young children and using my acquired skills and knowledge to empower them as well. They are fresh in mind and in creativity, so to be a part of those developmental years, I want to instill in them the love of learning and the passion to learn of their world and to make positive impacts on their community and nation. I will continue to be working with young ones whom I enjoyed working with young ones whom I enjoyed and loved all my courses since I started in Fall 2022.
