"We the People" Theme:

About 20 years ago, the people of Gallup came together – children, parents and grandparents, City leaders, carpenters, and consultant experts – to design and build the "Playground of Dreams" on Gallup's Northside. The entrance gate reads, "Built by We The People." This theme is uplifted even further by the remarkable metal sculpture installed near the playground, celebrating "We The People."

At this time of change in New Mexico, We the People of Gallup look forward to partnering with State government in continuing the renaissance of our historic gateway community

NOTE: Copies of Capital Outlay Projects and HB2 Junior Appropriations will be provided as those bills get consummated.

Gallup-McKinley County Day at the Legislature, 2019

LEGISLATIVE PRIORITY: Policy Goals

1. *Yazzie/Martinez vs the State of New Mexico*

We recognize and support the steps New Mexico is taking to ensure sufficient funding and other resources necessary to provide all at-risk students with equitable access to education that prepares them for college and careers and complies with state and federal laws regarding Native American and ELL students.

2. *Impact Aid*

We believe New Mexico should exclude Impact Aid from the definition of "Federal Revenue" for the purpose of determining the State Equalization Guarantee (SEG) distribution. This exclusion would prevent the State from taking a 75% credit on federal Impact Aid funds allocated to New Mexico for private property poor districts, for the State's equalization of funding across all school districts. This measure would increase unit funding for impact Aid districts, thus enabling these districts to meet critical needs otherwise impossible to achieve under current distribution policy. There are only three (3) States remaining that continue this archaic formula, and we believe New Mexico needs to be on the right side of history and a leader of educational equity.

3. *Hold Harmless*

In 2013, the Legislature enacted a tax package that included the phase-out of hold harmless payments to local governments. Hold harmless payments were set up to offset losses when the tax on food and medical was removed in the Richardson administration. The City of Gallup and McKinley County are one of a handful of entities that even if they enacted tax increases would not be made whole in the phase-out. This amounts to about \$3.3M in annual losses at full phase-out. The City of Gallup is fighting to get this changed in the proposed tax reform legislation.

LEGISLATIVE PRIORITY: Public Safety

1. **New Public Safety Building Construction — \$10,000,00**
City of Gallup
 The City is seeking funding for a new public safety building that will house both the Police Department & Municipal due to major structural and obsolete arrangements in a building that is over 50 years old.
2. **New Detention Center — McKinley County — \$1,500,000**
(Plan & Design)
 Due to major structural deficiencies, McKinley County has to move quickly to replace its current facility. The County is currently finishing a site location analysis and is requesting Phase I planning and design funding.
3. **Public Safety Vehicles**
 Both the Gallup Police Department and McKinley County Sheriff's Department are requesting funding to purchase and equip units to support public safety.

LEGISLATIVE PRIORITY: Behavioral Health

1. **Behavioral Health Investment Zone (BHIZ) --- \$500,000**
 Continue State support and investment in comprehensive, community-specific and evidence-based social detoxification, prevention, intervention, and treatment programs.
2. **Adolescent Treatment Center --- \$2,225,000**
 Remodel and create a Residential Treatment Center on the east campus of Rehoboth McKinley Christian Health Care Services for adolescents suffering from behavior health issues. This facility will complement our Adult Treatment Center and program, and be the first of its kind for adolescent services in the Four Corners.

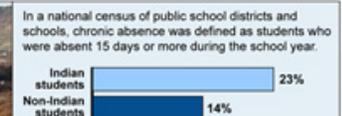

LEGISLATIVE PRIORITY:
Catalytic Economic Infrastructure

1. **Carbon Coal Road – McKinley County — \$22,000,000**
 Fund US491 intersection and access road improvements to Gallup Energy Logistics Park for major job creation in McKinley County.
2. **East Nizhoni Boulevard — \$406,000 (Design)**
City of Gallup
 To reconstruct intersection of NM Highway 602 and Nizhoni Blvd and build sidewalks to connect the commercial district of Gallup and or healthcare district.
3. **Coal Avenue Commons — City of Gallup — \$1,000,000**
 Fund the transformation of Coal Avenue in Downtown Gallup as an economic engine for MainStreet and as a canvas for events such as our monthly ArtsCrawl.
4. **Allison Road Corridor — \$10,000,000+**
NMDOT/City of Gallup
 Support NM Department of Transportation funding to build-out this important economic corridor for both US Interstate 40 travelers and locals alike.
5. **NM118 Safety Improvements – \$680,000**
NMDOT/Churchrock Chapter
 Address lighting, striping, and other safety issues on NM118 (Route 66), east of Gallup, a very busy frontage road that accesses Red Rock Park and the Navajo Nation's Fire Rock Casino. Local Legislators and the Navajo Gaming Enterprise committed match funds. Serious safety issues have been found and cited along this corridor, and this investment is Step 1.

LEGISLATIVE PRIORITY: Bridge-a-Year Program

1. **County-wide Bridges – McKinley County – \$22,000,000**
 McKinley County owns and maintains 48 bridges throughout the County. The current posted weight limits and structural deficiencies prohibit school buses and emergency vehicles from crossing them. These bridges have been evaluated by NMDOT and prioritized in terms of repairs, improvements, and replacement that are needed. This investment would jumpstart this program and make getting to school a reality.

Management Discussion & Analysis

Fiscal Year 2019 -2020 Proposed Budget

This Proposed Budget was prepared using the following assumptions:

- 1) no increases in revenue and no decreases in expenses,
- 2) no institutional reserves for I&G,
- 3) no new money,
- 4) no increases in tuition & fees,
- 5) no millage increase,
- 6) and no change in enrollments.

State Appropriations will fluctuate in the legislative process until House Bill #1 becomes law on March 16th. Leading scenarios put our appropriation change at zero.

Any compensation increases will increase expenses and revenue at minimal net impact.

Five Year Capital Plan requires a 25% match from Institutional Reserves.
