OPERATION CLEAN PAWS:

Our profound gratitude to the UNM Alumni Association for their collaboration with Chris Leurig—owner of Albuquerque’s Safe House Distillery—to deliver 100 gallons of much-needed hand sanitizer to local Gallup healthcare organizations and for use on our campus. Operation Clean Paws is just one of the ways the alumni association is showing their Lobo Love for New Mexicans during this health crisis.

Through the #LoboLove campaign, the UNM Alumni Association is presenting opportunities for each of us to continue to unite both our alumni community and the communities in which we live. Our campus is invited to explore ways to connect, support, and recover at unmalumni.com/lobolove and be sure to tag #LoboLove on social media when sharing experiences.
SBDC SMALL BUSINESS WORKSHOPS:

Over the past few months, we’ve seen firsthand how small businesses are the backbone of our local communities. They are so important to our economic vitality and the quality of life we all enjoy. We are so proud of the work that are Small Business Development Center (SBDC) at UNM-Gallup does each day to help our small business community through this crisis.

Just a reminder that there are a series of online workshops available this week for small business owners:

- Cash Flow Analysis
- Doing Business During & After COVID-19

- Pandemic Unemployment Assistance (PUA)

The schedule and title of these workshops are available here on the NMSBDC Website.

UNM COVID-19 SELF-REPORTING REQUIREMENTS (REMINDER):

UNM has implemented a policy for self-reporting either symptoms of or a positive test for COVID-19 in order to support efforts to slow the spread of infection. This is both to connect Lobos to resources that can support them, and to help the University assess the community impact of the virus.

This policy is specific to those individuals who are either currently working or residing on UNM main or branch campuses, or who have been physically on those campuses since April 3. It does not apply to the UNM Health Sciences Center, for which a separate HSC policy has been developed.

For guidelines and more information, please visit www.unm.edu/coronavirus and navigate to the bottom of the page.
