UNM DAILY COVID SCREENING:

As outlined in the State of New Mexico’s COVID-Safe Practices for all employers, the main and branch campuses are implementing a daily screening process for all employees. Each day, you will receive an email from ITweb@unm.edu asking if you are planning on coming to campus that day, and if so, if you are experiencing any symptoms that can be associated with COVID-19. All employees are required to respond to this request each day. Please continue to coordinate any planned visits to campus with your supervisor.

FITNESS TRAIL REOPENS:

In some good news, we have reopened our fitness trail! Many thanks to our facilities management team for their work over the weekend to make this possible. For COVID-19 safe practices, please do not use the trail’s fitness equipment, practice social distancing, and limit your group size. Also as a reminder, no pets are allowed on the trail. This is a great community resource—especially during these summer months—as more of our friends and neighbors enjoy outdoor spaces to walk and run.

GOVERNOR’S COUNCIL FOR RACIAL JUSTICE:

The recently created Governor’s Advisory Council for Racial Justice has been tasked with monitoring state institutions and holding them accountable for ending institutional racism and ensuring that all persons receive fair and equal treatment and opportunities. The Council’s work will be coordinated with community leaders already doing this essential work and will include state agency secretaries, law enforcement officers from across the state, and leaders and youth from the state’s communities of color.

All who are interested in serving on the Council or who would like to provide ideas for consideration are welcome – get involved here.

UNM-GALLUP LIMITED OPERATIONS CONTINUE (REMINDER):

We are continuing our period of limited operations until further notice with remote work and learning within our assigned employee tier system. Telecommuting remains our default for the majority of UNM-Gallup faculty, staff, and students. All summer courses remain online. And, meetings must take place remotely whenever possible. Campus buildings will remain locked with no public access. We have a few essential Tier 1 employees who will have access to facilities, but we will continue to limit access to campus facilities.
