UPDATED NEW MEXICO COVID CASES – NOW AT 13,256:

New Mexico state health officials on Sunday announced 203 additional COVID-19 cases— with 20 additional cases reported in McKinley County. Some good news: There were no new deaths related to COVID-19 reported; the number remains at 513.

UNM-GALLUP PHASED REOPENING PLAN:

An update on our reopening plans for this fall semester for our UNM-Gallup community:

Our Resumptive Planning Group (RPG) has worked over the past several weeks to create our campus phased reopening plan, which will address a range of issues we continue to navigate through this pandemic. UNM-Gallup’s plan is closely aligned with the UNM main campus plan and published state guidelines.

The plan also takes a deliberate and safe approach to all aspects of campus operations from course structure, safety protocols, and facilities management to mitigate the potential spread of COVID-19 while providing our students and personnel with a phased timeline that will be adjusted throughout the fall semester according to the data and available state guidelines.

The first phase of the plan—which runs through August 31st—will be posted on our Website tomorrow, and we will include a link for your review in tomorrow’s daily brief.

PRE-REGISTRATION AVAILABLE FOR COVID-19 TESTING AT UNM-GALLUP:

The New Mexico Department of Health is conducting COVID-19 testing Mondays, Wednesdays, and Fridays through the month of July at UNM-Gallup’s Lions Hall Parking Lot.

New this week is an announcement from the NMDOH that pre-registration is available and preferred for testing. To register, visit cvtestreg.nmhealth.org. You will be able to select your test date—and will then receive a test confirmation ID to bring with you to the testing site.
