**NM SMALL BUSINESS RECOVERY ACT:**

Additional relief is coming to our small business community in the form of low-interest assistance loans that will be administered by the New Mexico Finance Authority. These loans provided through the Small Business Recovery Act are directed specifically to small businesses that are experiencing financial hardship due to public health orders resulting from the COVID-19 pandemic. If you have family members or friends who own a small business and could benefit from this program, please direct them to the program’s [FAQ section](#).

As always, our SBDC personnel are also available to help businesses navigate their way through funding and other programs that are available during this pandemic. We are grateful for the good work being done by all to keep our small business community open during these tough times.

**COAL AVENUE COMMONS PROJECT BEGINS NEXT WEEK:**

We all benefit from having a vibrant downtown, so it’s great to see the city of Gallup announce recently that the Coal Avenue Commons project construction will break ground next Monday, July 13th. Years in the making, the project will transform Coal Avenue into a vibrant plaza street with improved infrastructure and design. The multi-phased project begins this month and continues through March 2021.

**WELCOME TO LEO FLORES:**

The UNM-Gallup IT team is excited to [welcome Leo Flores](#) to the team! Leo is a UNM alum and brings experience in the medical lab environment and as a technology teacher to our team. Over the coming weeks, Leo will be taking over the majority of the computer support requests. Please join us in welcoming Leo to the Gallup campus. His contact information is on the [IT website](#) and in the campus [directory](#).
